NOTICE.

ALL PARTIES

Indebted to

W. T. ARMISTEAD

On Account for

1873,

Must Come Forward

And Settle,

Either by Note

Or otherwise.

Who tied the tin can to the dog's extremity?

Sheriff Neely advertises valuable lands for sale. Read the notices.

Larwill & Co., proprietors of the Live Drug Store, are humping themselves for the spring trade.

SHRETS & RAGLAND—See the card of Shrets & Ragland, manufacturers of carriages, buggies, spring wagons, etc., Bolivar, Tenn. They are skilled mechanics and turn out most excellent work. They ask for a share of public patronage and should receive it. Let home mechanics be patronized first, last and all the time. In this little section is grouped the wisdom of the past and present, and where heeded and strictly followed, has never failed to work a decided benefit to both community and individual.

NARROW ESCAPE—On Friday morning last the wife of our jailor, John A. McKinney, came very near meeting a most horrible death. While performing some of her household duties her clothing caught fire, and in an instant the dreadful flames were bidding fair to destroy her precious life, and would have done so had the gentleman been absent. As soon as Mrs. McKinney discovered her clothing to be on fire she started to run out of the room, but her husband caught her and extinguished the flames before she had received any bodily harm. Mr. McKinney had one of his hands badly burned. He acted nobly, and by his manly conduct saved the life of a most estimable lady.

RETURNED—W. S. Marsh, after a pleasant trip to the Old North State and a visit to kindred and friends is again in Bolivar, and has engaged with Ramsey & Harris. Mr. Marsh is a gentleman of fine business qualities and we welcome him back to Bolivar, hoping that he may dwell with us the remainder of his life.

IN AT LAST—Charlie Cole, the wily little "half-breed" and "half-aligator" who cut Alf Parker, colored, at a frolic in the west portion of town several weeks since was arrested at Toon's Station last Tuesday by Sidney Knott, deputy sheriff, and lodged in jail at this place. Charlie, like our old stand-by, Simon Benjamin, is a profane breeder of scabs, and by diligent and persistent misconduct has gotten into real trouble at last. He awaits the action of the next term of Circuit Court.

The Whig and Tribune of last week contained the names of sixteen gentlemen who want to serve the people and hold Madison county office. The names of many persons are buzzed around in Hardean, but as yet no announcement appears in the **BULLETIN**, no, not one.

DEATH OF TOMB ELLIOTT—The Montezuma correspondent of the **Whig and Tribune** of last Saturday says:

Our quiet village was put under a feverish excitement by the appearance of the Elliott boys in our town this evening. Deputy Sheriff Skinner holding a warrant for their arrest, summoned a posse of men and pursued them two miles, and came up to them. Both sides opened fire, which resulted in the death of Tomb Elliott immediately, and the capture of Rene Elliott and Tom Ferrill.

Are you a candidate? No! Who is?

COTTON—Since our last report cotton has declined a little, but our merchants tell us that the market is rather firm, and give us the quotations for Bolivar at 14 to 14 1/2 cents for middling.

Meet, oh ye city dads of the glorious town of Bolivar, meet and give us street lamps. Everybody needs plenty of light, and you are the identical individuals to furnish the same. Don't dodge the question, but stand to your corporate fodder like sick kittens to a warm brick.

NEW FIRM—C. G. Joy, for years one of Bolivar's first class grocery merchants, has entered into copartnership with A. Morrison, late of Memphis, and the new firm will conduct business in the Lightfoot building, on Market street, near the railroad. They are now receiving a full line of choice staple and fancy groceries and will be ready to serve customers during the early part of the coming week. Their advertisement will appear in our next issue.

GREAT EASTERN MENAGERIE, MUSEUM AND CIRCUS—This excellent combination of scenic novelties, zoological attractions and museum of wonders, will exhibit afternoon and night at Bolivar Jan. 27th. The Great Eastern establishment has been largely augmented since last year, and is now, perhaps, the largest on the road, bringing into requisition the services of more men and horses, and requiring more cars to transport it than any other show of the season. The Louisville and Cincinnati press tells us of the tremendous crowds in attendance and the brilliancy of the Great Eastern's performances. The menagerie, complete and rich in every department, presents an enormous array of gilded dens, vans, &c., which are said to be only equaled in the elegance of the circus exhibitions. So extensive are the Great Eastern's dimensions, that twelve broad centrepiece pavilions are required to exhibit its aggregation of museum, hippodrome, caravan, aquarium, menagerie and circus. If "success is the touchstone of merit," as the old axiom has it, the management of the Great Eastern have every reason to congratulate themselves. We append a notice from the Cincinnati **Enquirer**.

This afternoon and evening will be the last opportunities of our citizens to witness the performance of the Great Eastern circus, menagerie, etc.

The scenic portion of the show is very fine, particularly the wonderful feats of the Davenport brothers, posturers, and the corps of acrobats.

The menagerie, bird show, museum and aquarium are complete in every particular.

The managers of the Great Eastern have reason to congratulate themselves in consequence of the immense attendance that has greeted their exhibitions.

Last night and yesterday afternoon the seating capacity of the rink was fully tested, and hundreds were turned from the door unable to gain admission.

WANTED RIGHT NOW—Some 25 or 30 candidates for county offices.

No material change in the prices of Groceries to report. Bulk meat is selling at 9 1/2 cash on delivery.

THANKS—J. C. Russell, of Salsbury, we are proud to say, is an active friend to the **BULLETIN**, and is a man after our own heart. On Tuesday last he sent us a club of eleven subscribers, for which we tender him our thanks. We book friend Russell as our Agent at Salsbury, and will not hesitate to subscribe to anything he may do for this paper.

MARY BRIGHT—Old Uncle Mart Bright, a colored man well known about Bolivar, and once the faithful slave of Greenberry Bright, died in this place on the 20th instant. Mart was rather a favorite with the colored people, and had many friends among the whites. There was no evil in his make up, and the good old dorkie has gone, we trust, to the place where good negroes go.

Mechanics' Union—Pursuant to a call previously made a large number of the mechanics of Bolivar assembled in the court house last night one week ago and organized the Mechanic's Union of Bolivar. J. A. Baker was elected president of the Union; T. A. Osborn vice president; H. L. Lightfoot treasurer; M. R. Parrish secretary.

A Board of Directors was then appointed, also, a committee on constitution and by-laws. On to-morrow night the Union will meet again in the court room, at which time the committee on constitution and by-laws are expected to report the result of their labors. The meeting will be an important one, and every mechanic in Bolivar should attend. Hereafter we will speak more fully of the aims and objects of this organization.

OFF THE TRACK—The engine No. 59, Walter Reams, engineer, pulling the north bound freight on Wednesday night last, met with a serious accident a short distance north of town and in front of the residence of Mr. Robertson, causing the destruction of a trestle and the ditching of the engine and two cars. No one was hurt. The locomotive was damaged considerably. We did not learn the true cause of the accident. The damage to the track was speedily repaired, and trains were not delayed in passing the wreck.

Of late we have enjoyed calls from many of our subscribers, and are always pleased to see them whether they are in arrears or not. To all our patrons we say that the lag string to the **Bulletin** office hangs on the outside.

Every person who has ever met a commercial tourist, with his little satchel, will appreciate the following: "The dummer came down like flocks on us, fold their toes were all frosted, their noses all cold. Their weather-peeled faces soon shone through the town, they gobbled the money and salted it down, then took a few orders and lit out of here, with their heads full of business and skins full of beef."

Go forth in haste!
No time to waste!
Proclaim to all creation
That men are wise
Who advertise
In the present generation.

A Cincinnati matron says that there is not a fashionable girl in that city but would rather stay away from church than be seen wearing a pair of single-button gloves.

Saturday Night.

How many a kiss has been given—how many a caress—how many a look of hate—how many a kind word—how many a promise has been broken—how many a heart has been wrecked—how many a soul lost—how many a loved one lowered in the narrow chambers—how many a babe has gone forth to Heaven—how many a little crib, or cradle stands silent now, which last Saturday night held the rarest of the treasures of the heart. A week is a history. A week makes events of sorrow or of gladness, which people should heed. Go home, you heart-erring wanderer. Go home to the cheer that awaits you, wronged waifs on earth's billows. Go home to your family, man of business. Go home to those you love, man of toil, and give one night to the joys and comforts fast flying by. Leave your books with complicated figures—leave everything—your dirty shop—your business stress. Rest with those you love; for God alone knows what next Saturday night may bring them. Forget the world of care and battles with which life furrowed the week. Draw close around the family hearth. Saturday night has awaited your coming with sadness, in tears and silence. Go home to those you love, and as you bask in the loved presence and meet to return the embrace of your heart's pets, strive to be a better man and to bless God for giving his weary children so dear a stepping stone in the river to the Eternal, as Saturday night.

W. T. McCauley can make as fine photographs as any artist in the South. Go and examine his specimens and you will back us in the assertion. He has just secured a splendid new instrument by which he is enabled to make eight card (album size) pictures for one dollar. Photographs \$3 per dozen; frame pictures from \$2.50 to \$7.50. He also makes 4 splendid large pictures for one dollar. If you want anything in his line, give him a call and he will certainly make it satisfactory.

NORFOLK—When you go to Memphis stop at the GEE HOUSE, corner of Main and Beale streets, charges \$2.50 per day.

J. E. GILLENWATERS, Proprietor.

PICTURE FRAMES—W. T. McCauley has just received a new lot of all kind of picture frames, which he is selling at very low prices. Call on him when you want anything in his line.

If you want legal blanks call at this office and get them. Cheap enough.

If you want a neat job of printing done call at this office and you shall be accommodated.

Obituaries and tributes of respect must be accompanied with the cash at the rate of two cents per word to insure insertion.

EXECUTIONS—Those in want of blank Executions can be supplied at this office at any time. Plenty of them on hand.

Why don't you have your scales and weights tested?

Take Notice—By Act of Congress, after the 1st day of July, 1873, subscribers to all weekly papers must pay twenty cents postage per annum, no matter if the subscriber does live in the country where the paper is printed. Let each patron of the **BOLIVAR BULLETIN** make a note of this.

Bolivar Retail Market Report.

Corrected Weekly by M. H. Pirtle.

Bacon—None in market. Bulk pork 9 to 9 1/2 cents per pound.

Bagging—15 cents, cash on delivery.
